DEATH OF JOSEPH LITTLE.

Death claimed another of this county's early settlers last Thursday when Joseph Little passed away in Minneapolis at a hospital where he had been receiving medical treatment. Mr. Little had been a sufferer for several years from a cancerous growth in the stomach, which was the cause of his demise.

Mrs. Little arrived at the bedside of her husband a day previous to his death, having been summoned there by telegraph. The remains were brought to the home, five miles south of James, and the funeral occurred Sunday, the remains being interred in Union cemetery. Deceased leaves a wife and three children who have the sympathy of the community in their bereavement.
